KATTA PAKKIR ROWTHER NATIONAL COLLEGE OF ARTS & SCIENCE

(Affiliated To Madurai Kamaraj University)

BATLAGUNDU - 624 202

K.P.NATIONAL COLLEGE OF ARTS AND SCIENCE

Education is that which makes a man complete and perfect. At the same time, education becomes meaningless if it fails to help a student to find his / her life meaningful. Education should strengthen a student's knowledge, help him / her to find a comfortable place in the job market, and lead him / her to a peaceful way of living.

Many a college educates its students to possess a degree, which remains to be a colourful printed sheet issued by universities. The knowledge that is obtained in the class room should pragmatically be applicable in the real life. Most of the degree holders are rejected in the job market as they are found inefficient and ineligible though they have valid certificates with high scores. It is just because of the titanic gap between the class room education and the knowledge demanded in the job market.

Taking all these facts into a high account, Indian Muslim Educational Trust came into the scene and started K.P. National college of Arts and Science at Batlagundu - the valley Kondaikandal - in 2009, with the right aim of giving the right education to the right students.

The college was started with the motto of giving square education to the student community to develop their overall personality so that they would become finished and buyable products. In short, students are turned into good citizens with humanity and efficiency to build up a better India with the help of well-trained and self-disciplined teaching faculties.

We, KPN College, are eagerly looking for the young and enthusiastic students those who are determined to become the pillars of our unparalleled nation. Let us join together and keep our motherland always rich and bright in the field of education.

**Join at KPN,
find your right destination,
and get to it at the earliest.**

Whether it is Arts or Science, a course is neither best nor worst. Each and every course has got its own uniqueness. A course may not necessarily be a good one when it gets you an apt employment and fails you to become a human-being with humanity. However, find your interest, choose the right course that gives you great pleasure, learn it to the maximum possible extent with utmost care, and become a master of it.

Our institution gives equal importance to mental education, physical education and spiritual education. In short, we always strive to give our students a balanced-education.

We encourage our students to focus on co-curricular and extra-curricular activities, in addition to curriculum based learning.

Department wise, programs are conducted in a full-fledged manner at a regular interval to give square education to the student community.

We motivate our students to participate in all sorts of awareness programs.

❖ If anyone travels on a road in search of knowledge, Al-mighty will cause him to travel on one of the roads of Paradise.

❖ He who issues forth in search of knowledge is busy in the cause of Al-mighty till he returns from his quest.

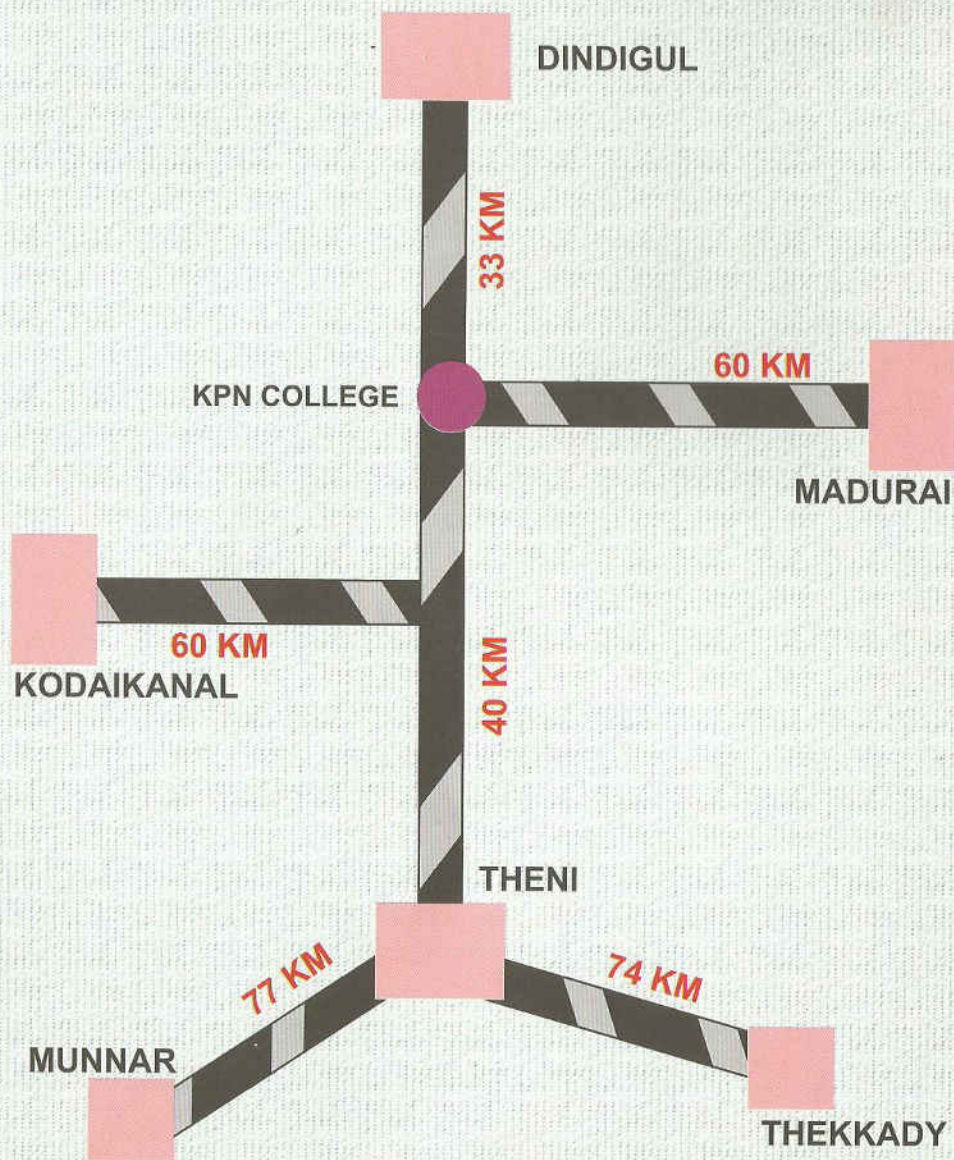

❖ Seek knowledge from the cradle to the grave.

❖ He who leaveth home in search of knowledge, walk in the path of God"
